Special Education Department

Helping Students Reach for the Stars....

Date Sent: May 1, 2017

Dear Parents,

The Special Education Department of the Aldine Independent School District offers free early childhood assessments for children between 3 and 5 years of age who are not currently enrolled. In order to qualify for special education services, a child must have severe deficits in speech, language development, motor, physical problems, hearing loss or impaired vision.

If you suspect that your child may have one or more problems as described above, please contact Vines EC/PK Head Start Center at 281-878-7950, for more information.

Summer assessments must take place in June in order for the student to start school in August. Call today to schedule an appointment.

If your child will be four years old on or before September 1st your child may be eligible to begin school without a severe deficit in development as a Pre-Kindergarten student. Please contact your Early Childhood Pre-Kindergarten Center to determine eligibility criteria for Pre-Kindergarten enrollment.

Sincerely,
Angela R. Francis
